

STUDENT TAKE HOME ASSIGNMENT

Reduce, Reuse, Recycle 2014 Project for a Day

Take Home Instructions for Oct. 31 to Nov. 5th

Each student should complete the following task:

1. Write down the types of paper, plastics, glass, metals, and all other trash thrown away in your home for 1 week.
 - a. Record the type of recyclable items found in trash onto Recycling Track Sheet (newspaper , magazine, coke bottle, milk jug)
 - b. Write the number of each recyclable item in its specific column.
2. Answer the five recycling questions about your our findings
3. Bring the completed Questions and Daily Recycling Track Sheet to class on November 6.
4. Save and bring to class one recyclable cardboard toilet tissue roll on November 6.

In-Class Discussion & Project for November 6th

1. Discuss reducing, reusing, and recycling waste and trash.
2. Review your Daily Recycling Track Sheet and recyclable materials.
3. List ways to reduce your waste, reuse various items, and recycle.
4. Create the November Night Owl using the recyclable toilet tissue roll.

November Night Owl
